

**Position: Data Science Summer Student**

**Overview:**

Teine Energy Ltd. is a private oil and gas company focused on oil plays in Saskatchewan and Alberta. We are currently looking for an Data Science summer student to join our team in the Calgary head office. The successful candidate will have the opportunity to participate in a wide range of meaningful assignments and work closely with experienced professionals from many disciplines. This position will be available for a 4-month term starting on May 1, 2019

**Summary of Duties:**

- Collaborate with team members to understand current data processes and identify areas for improvement
- Develop data automation and analysis tools to solve identified inefficiencies
- Explore datasets with AI and machine learning techniques
- Facilitate end-user access to domain data through automated analysis and visuals
- Support and create daily updating dashboards
- Provide support to team members after data solution deployment

**Preferred Qualifications and Skills:**

- Must be currently enrolled in a University Computer Engineering/Computer Science Program, preference will be given to 3<sup>rd</sup> and 4<sup>th</sup> year students.
- Strong academic background.
- Exceptional Excel skills.
- Exposure to PowerBI or Spotfire is a plus.
- Proficient with one programming language such as Python, R, Java, C#, C++, or C.
- Experience developing with data products using Python (NumPy, pandas, scikit-learn, etc.) is valued.
- Some oil and gas experience would be an asset.
- Experience with a range of software and database programs.
- Ability to work effectively in a team environment.
- Demonstrated written and verbal communication skills.
- Strong work ethic.
- Capability to work effectively with minimal supervision on projects with defined scope and objectives.

Please apply online by January 31, 2019 and submit your resume to <http://www.teine-energy.com/careers/apply-online>

We appreciate the interest of all applicants, however, only those candidates to be interviewed will be contacted.
